| Above grade structure | [Blue bar] | | | | | |
| Precast façade Installation | | | [Blue bar] | | | |
| Interior MEP | [Blue bar] | | | | | |

Science Building

- Feasibility study to validate scope, schedule and budget completed
- Findings:
 - Renovating and expanding Beeghly not feasible
 - Pursuing new building on alternate site
 - Proposed building is smaller in height, stories and gross floor area than that approved in campus plan
- Schematic Design Commenced
- Further processing early 2016
