

Wimba Rollout: Speak to Your Students From Any Location in the World

Faculty and Staff,

Please join us for an introduction to Wimba from noon until 1:30 PM on Monday, November 9 in Mary Graydon Center Room 5. With this software you can speak to your students and share documents with them from any location in the world with an adequate Internet connection.

We also will have two experienced educators at the event who will explain their strategies for building successful online meetings, and classes to us.

Please see more details about the event at

If you have not done so already, please register here for lunch so that we can provide everyone with a nutritious meal.
