

American University Neighborhood Partnership Transportation and Parking Working Group Summary

March 12th, 2024

Key Discussion Points:

- Welcome, review agenda and introductions
- Discussion on Scooters and AU Students
- Updates on Ride Share PUDO Locations
- Updates on OLLI Parking
- Capital Bike Share Updates
- Preview of WMATA Budget Discussion and Better Bus Redesign Plan
- Closing Comments and Adjourn

Summary: The meeting began with a word of welcome from the co-chairs Josh Finver and Andrew Heimert, next Josh lead off the discussion on how AU can better manage scooters through geo-fencing and other measures to ensure they are properly corralled near the University. After taking questions and comments from neighbors, Josh next briefed the group new pick-up and drop-off (PUDO) locations for ride-shares near American University. Following that, Tony Long, Executive Director for OLLI, reviewed with the working group new enforcement measures and rules that OLLI had implemented to reduce members parking their vehicles in neighborhoods near AU. There was a discussion amongst working group members of the best way to measure success and a timeline for following up on OLLI's new enforcement measures. The meeting closed out with short updates on Capital Bike Share and Laura Marks previewing WMATA's potential budgeting options moving forward, along with plans for new bus designs.
